Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

APR 15 09:48

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have used HRT during perimenopause  
& menopause. My compounded medication  
alleviates symptoms that were previously  
debilitating such as depression, sleeplessness  
and anxiety. I do not support the government  
restricting the availability of individually compounded  
medications. I do not want the government to  
decide what's best for me. That is a decision  
that should be made by my doctor & myself.  
Madison Pharmacy Associates, WI, the first  
Women's health pharmacy in the Nation, offers  
information, individually compounded medications,  
and support to women like myself. I want to  
continue to receive my medications from them.
